

# Our philosophy

At Little Magpies...

Children will have a secure place where they belong

Everyone feels respected, valued and accepted

Our learning environment will provide wide open and small intimate spaces.

Children learn...

In a rich child-initiated programme, in partnership with teachers, whānau and their peers

Through play with open ended resources to engage creativity and imagination

Teachers will...

provide an unhurried intentional programme through active engagement

Role model professional and ethical practises.
